**Regional Maritime Information Fusion Center (RMIFC)**

Mr Chair,

Ladies and Gentlemen,

Today, we celebrate a significant collaboration between the Regional Maritime Information Fusion Centre (RMIFC) and the Djibouti Code of Conduct/Jeddah Amendment (DCOC/JA), focusing on enhancing maritime security in the Western Indian Ocean.

This partnership represents an opportunity not only for security but also for showcasing our commitment to safeguarding maritime trade and resources. The RMIFC 's advanced information sharing platform combined with DCOC regional coordination, positions us to effectively tackle piracy, illegal fishing and other maritime threats.

We urge our donors and stakeholders to recognize the value of this initiative and support its growth. Our collaboration is not just about security, it is a powerful signal of our collective investment in the stability and prosperity of maritime commerce.

With your continued support, we will ensure our waters are secure, our routes are safe, and our economies flourish.

Thank you.
