

The background features abstract, overlapping green geometric shapes in various shades of green, creating a modern, layered effect on the right side of the slide.

# **GROUP TWO**

# **PRESENTED BY**

**Stella Katondo**

# MANDATE

- Operational coordination between regional forces

# STRUCTURE AND MEMBERSHIP

## CHAIRPERSON

- The chairperson should be co- chaired with a term of 2years
- There will be a secretariat will communicate the deliberation to the steering committees
- There will be a secretariat will communicate the deliberation to the steering committees

# COORDINATION WITH OTHER REGIONAL BODIES

- The SOP will clearly state coordination role between the bodies
- Need for a joint information sharing centre that will be a nerve centre that will inform all operations
- Training and Capacity building

# RESOURCES AND SUSTAINABILITY

- The willingness from member countries is very clear and also from friends of DCOC
- Need to loop in international partners- For funding of the Model
- Used of modern technology like drones, Satellite based Surveillance systems this are cost effective methods as opposed to having ships at sea
- Identifying source and termination points that will ease the load of the resources
- Sharing of resources and joint tasking
- Need to hold Joint operations

# IMPLEMENTATION AND MONITORING

- Need for coordination centre-The host nation should commit to the establishment of the centre
- The host should be given incentives to encourage them in taking up the role
- Action plan with milestones (KPIs)
- The working groups will be giving annual reports to the high-level committees

# CONCLUSION

The long-term success of this initiative depends not only on well-crafted plans but on the consistent engagement, ownership, and adaptability of every DCoC member. Our collective commitment will determine whether this group becomes a fleeting effort or a lasting force for regional resilience and cooperation.
