

Combined Maritime Forces (CMF) - The World's Largest Maritime Coalition

CMF mission is to bring together a maritime partnership of willing nations, aligned in a common sense of purpose to uphold Rules-Based International Order (RBIO) in accordance with the Statement of Abiding Principles to support the delivery of security and stability throughout regionally led Maritime Security Operations (MSO).

VISION - as a coalition of willing nations is dedicated to upholding RBIO. We will focus on enabling regional Maritime Security Operations (MSO) through enhanced engagement and strategic communication. We will enable key activity, such as information sharing and Maritime Training coordination, to increase our support for MSO, while maintaining a reassuring presence in the Area of Operations (AOO)

VALUES - committed to working together in our mission and delivering our values. We work together with integrity and transparency to support legitimate mariners and ensure their right to navigate the high seas peacefully and lawfully. Our unwavering dedication to peace and stability on the high seas is free from hidden agendas, achieved through our joint commitment and mutual support. Collaboration with industry, organizations and regional partners is a vital part of who we are and highlights our commitment to work with multiple
